

# **Methods for Rural / Non-Rural Determinations for Federal Subsistence Management in Alaska**

## **Final Report**

### **Analysis and Recommended Methodology**

The analysis and recommendations in this report are those of the authors and do not necessarily reflect the views of the US Fish and Wildlife Service, Office of Subsistence Management, or the Federal Subsistence Board.

## TABLE OF CONTENTS

|   |     |
|---|-----|
| Introduction.....   | 1   |
| Rural Concepts.....   | 3   |
| Rural As “The Country” .....  | 4   |
| Rural As “Ways Of Making A Living In The Country”.....              | 9   |
| Rural As “Cultural Patterns Of Country Peoples” .....               | 17  |
| Rural Definitions In Subsistence Management.....                    | 19  |
| Focus Groups And Rural Concepts.....                                | 27  |
| Family, Community Ties, And Personal History.....                   | 29  |
| Lifestyle, Natural Environment, And Subsistence Activities .....    | 30  |
| Services, Economy, And Infrastructure .....                         | 32  |
| Rural And Non-Rural Boundaries .....                                | 33  |
| Objections To Rural And Non-Rural Concepts .....                    | 34  |
| Discrepancies In Classifications .....                              | 34  |
| Rural Measures .....  | 37  |
| Country Food Production Measures .....                              | 39  |
| Density Measures.....   | 42  |
| Aggregation/Disaggregation Of Populations.....                      | 47  |
| Identifying Populations And Measuring Variables.....                | 47  |
| Identifying Rural And Non-Rural Boundaries.....                     | 54  |
| Co-Resident Communities .....                                       | 56  |
| Methodologies For Identifying Rural And Non-Rural Populations ..... | 61  |
| Methodology 1. Discriminant Analysis Assessment .....               | 61  |
| Methodology 2. Criterion-Referenced Assessment .....                | 74  |
| Comparison Of Outcomes.....   | 86  |
| Conclusion And Recommendations.....                                 | 89  |
| References.....   | 95  |
| Appendix A Variables List .....                                     | 101 |
| Appendix B Discriminant Analysis Runs Summary .....                 | 109 |
| Appendix C 1990 Rural-Urban Commuting Area Codes .....              | 121 |

## LIST OF FIGURES

|  |    |
|--|----|
| Fig. 1. Wild Food Harvests by Residents of Alaska Census Areas.....  | 11 |
| Fig. 2. Nutritional Values of Annual Wild Food Harvests to Census Area Populations.....  | 12 |
| Fig. 3. Example of a Central-Based Use Area.....   | 13 |
| Fig. 4. Size of Use Areas of Selected Alaska Communities.....  | 14 |
| Fig. 5. Densities of Subsistence Use Areas, Selected Alaska Communities .....  | 15 |
| Fig. 6. Travel Time to Work in Alaska .....  | 16 |
| Fig. 7. Sources of Wild Meat Harvested by Residents of Selected Alaska Boroughs.....   | 16 |
| Fig. 8. Country Food Production by 212 Alaska Populations Grouped by Borough .....   | 40 |
| Fig. 9. Country Food Production and Protein Content (Percent RDA for Protein).....   | 41 |
| Fig. 10. Densities of Standard Use Areas of 255 Populations Grouped by Borough.....  | 45 |
| Fig. 11. Selected Case Populations and Components (Tracts or CDPs) .....   | 50 |
| Fig. 12. Wild Food Harvests in Sitka, by Sitka Tribe and Non-Tribe Populations, 1996 .....   | 58 |
| Fig. 13. Alaska Populations (N=195) Categorized into Rural or Non-Rural Groups<br>By Two Primary Factors (Density and Country Food Production), With<br>Standard Deviations from Group Centers .....                           | 65 |
| Fig. 14. Alaska Populations (N=195) Categorized into Rural or Non-Rural Groups<br>By Two Primary Factors (Density and Country Food Production), With<br>Tentative Case Classifications Identified .....                        | 71 |
| Fig. 15. Alaska Populations (N=195) Categorized into Rural or Non-Rural Groups<br>By Two Primary Factors (Density and Country Food Production), With<br>Threshold Lines at One Standard Deviation from Each Group Center ..... | 72 |
| Fig. 16. General Model for Categorizing Alaska Populations into Rural or<br>Non-Rural Groups by Two Primary Factors (Density and Country Food Production).....   | 72 |
| Fig. 17. Relationship of Density and Country Food Production in 195 Alaska<br>Populations, and General Classification Model .....  | 73 |
| Fig. 18. Densities of Standard Use Areas of 255 Populations Grouped by Borough.....  | 83 |
